Proficient in RESTful APIs, MVC architecture, and cloud infrastructure setup. Expert in leading cross-functional teams, implementing best practices, and delivering high-quality, scalable solutions aligned with business goals.

### TECHNICAL SKILLS

**Programming Languages:** PHP, JavaScript, HTML, CSS | **Frameworks:** Laravel, Node.js, Angular, CodeIgniter | **Frontend:** JavaScript, HTML, CSS, Angular | **Backend:** PHP, Laravel, Node.js, CodeIgniter | **Tools:** Git, Docker, Jenkins | **Databases:** MySQL, PostgreSQL, Redis | **Platforms:** AWS (EC2, S3, RDS, Lambda, VPC), Linux (CentOS, RedHat, Ubuntu) | **Methodologies:** SOLID, DRY, KISS, YAGNI, MVC Architecture | **Others:** Queue Management, API Integrations, CloudFormation, Networking Security

### PROFESSIONAL EXPERIENCE (11.2+ Years)

**Technical Lead** | *May 2021 - Present*

**Pegasus InfoCorp Pvt Ltd** | *Mumbai*

- Spearheaded the development of Elevate (LMS) for a US client, scaling the product to support 100,000+ users.
- Integrated third-party services such as Zoom API, Scorm Cloud Services, and Dead Simple Chat, enhancing functionality and user engagement.
- Designed and implemented Git workflows, improving team collaboration and code quality.
- Set up AWS infrastructure (VPC, EC2, RDS), optimizing system performance and scalability.

**Senior Software Engineer** | *Oct 2020 - May 2021*

**Eastern Enterprise** | *Pune*

- Developed modules for MCM (Multichannel Manager), including Email Campaign and Touchpoint Creation, for a Netherlands-based client, improving marketing efficiency by 40%.
- Built microservices integrated with API Gateway, enhancing system scalability and modularity.

**Deputy Manager** | *Nov 2019 - Sept 2020*

**Navi General Insurance** | *Mumbai*

- Designed and implemented payment gateway integrations (Razorpay, Paytm), streamlining transaction processes.
- Optimized and delivered key modules such as GHC (Group Hospicash), DEC, and Retail, reducing processing time by 80%.

**Technical Lead** | *Aug 2016 - Oct 2019*

**Infini Systems** | *Mumbai*

- Led the development of Veefin, a supply chain financing platform, enabling corporate clients to manage financing seamlessly.
- Managed server environments across Linux (CentOS, RedHat, Ubuntu) and AWS infrastructure, improving platform reliability by 70%.

**Senior Software Engineer** | *May 2016 - July 2016*

**Wishberry** | *Mumbai*

- Developed a crowdfunding platform with a 70% success rate, enabling efficient funding for campaigners.
- Resolved complex payment-related issues, improving system reliability by 80%.

**Senior Software Engineer** | *Feb 2016 - Apr 2016*

**Yapsody India** | *Mumbai*

- Built solutions for concert and event management systems, enhancing performance by 70%.
- Optimized backend processes for singer/show management modules, reducing latency by 40%.

**Software Engineer** | *Nov 2013 - Jan 2016*

**Ambab Infotech Pvt Ltd** | *Mumbai*

- Contributed to projects like AskMe and KidsKart, delivering scalable and user-friendly solutions.
- Collaborated with engineers to debug and improve complex interfaces, reducing bugs by 30%.

## **PROJECTS**

### **Elevate (LMS) | Pegasus InfoCorp Pvt Ltd | *May 2021 - Present***

- Integrated third-party APIs (Zoom, Scorm Cloud, Dead Simple Chat) to enhance product functionality.
- Designed and deployed AWS infrastructure, improving scalability and reducing deployment time by 70%.

### **MCM (Multichannel Manager) | Eastern Enterprise | *Oct 2020 - May 2021***

- Developed microservices and implemented API Gateway integrations to improve modularity.
- Followed SOLID principles, ensuring maintainable and scalable code.

### **Veefin | Infini Systems | *Aug 2016 - Oct 2019***

- Developed core modules and managed server environments across Linux and AWS.
- Led a team to ensure timely project delivery and adherence to quality standards.

## **EDUCATION**

### **Bachelor of Engineering (B.E.) in Computer Science | *July 2013***

Rajaram Shinde College of Engineering | *Mumbai*

## **ACHIEVEMENTS**

- Team Leader Award – Pegasus InfoCorp Pvt Ltd (Sept 2022)
- Best Team Player – Infini Systems Pvt Ltd (Nov 2018)
- Technical Leader Award – Infini Systems Pvt Ltd (Apr 2017)
- Ownership Award – Ambab Infotech Pvt Ltd (Aug 2014)
